

PREFACE

The title of the quarterly *Phytopathologia Polonica* published by The Polish Phytopathological Society was discussed within the Society since 2007. The Board had its meeting on 16 September 2008, just before the XIII General Assembly of the Society in Wrocław. At the meeting the Board decided that from the beginning of 2009 on the journal title will be *Phytopathologia*, with continued volume numbers. The last volume of *Phytopathologia Polonica* in 2008 was 50. This is the first 2009 volume – *Phytopathologia* 51.

The Polish Phytopathological Society
President

Professor Małgorzata Mańka D.Sc. (Agr.)
